

C.01

40.30.30 restaurant

year: 2017

location: Milano

sqm: 200

at Patricia Urquiola Studio

This is a cosy and functional restaurant characterised by understated features and colours, in line with a contemporary style. The selection of materials was wide and varied : terracotta, granit, wood and fabrics. The bistro area at the front features a big bespoke counter made of black terrazzo.

A special attraction is on the lower level, where customers can experience a chef table with direct view in the kitchen.
