Bronzallure stand - VicenzaOro

year: 2015

location: VicenzaOro - Vicenza

sqm: 150

at Fabio Azzolina Architetto

We designed this stand for our client Bronzallure in occasion of the VicenzaOro jewellery fair. The outside walls are mirrored and include display cases, in order to be as appealing as possible. Internally the stand is divided into two areas by a bronze net, carefully lit to achieve the best impact.
